PRESIDENT: On Final Reading. Sencor Koch.

SENATOR KOCH: Question of Senator Savage. Isn't this the same bill you wanted to withdraw because of passage of another one?

SENATOR SAVAGE: No. I was given some wrong information, Senator. Yesterday I was told that LB 201 did the same thing, but afterwards I was informed that LB 58 removes some obsolete material that has to be taken out of the statute and therefore it should be passed.

SENATOR KOCH: Thank you.

PRESIDENT: Senator Rumery.

SENATOR RUMERY: Mr. President, members of the Legislature, I wonder if Senator Savage would tell us what this bill includes. The printed material doesn't tell us very much about it.

SENATOR SAVAGE: Senator Rumery, I can't answer that question because LB 58 is not my bill. It repeals a section of the state law, I was told by the bill drafters, that is obsolete and, therefore, should be removed from the statutes so that it doesn't confuse people.

PRESIDENT: Are you ready for the question? The question is shall LB 58 be returned to Final Reading. Record your vote. Record Mr. Clerk.

CLERK: 34 ayes, 0 nays, Mr. President.

PRESIDENT: Motion carries. Senator Marsh.

SENATOR MARSH: Mr. President, I have a procedural question. Since there has been no change in 50 s it possible to read it today? I believe it already sat there and there was no procedural change.

PRESIDENT: We'll move to General File. We're ready for legislative bill 108.

Senator Kremer, for what purpose do you arise?

SENATOR KREMER: You just made reference on General File to 108?

PRESIDENT: Yes sir.

SENATOR KREMER: I'm asking unanimous consent to bracket it until Tuesday. I'm getting some information that I do not have that will apply to this bill Mr. Chairman.

PRESIDENT: Is there any objection to the request by Senator Kremer? Unanimous consent is granted by the body sir.

LB 140.
